

All-IN-One Android POS

Features

- World's first to provide "cloud backup" mini touch Pad POS electrical cash register.
- The world's first product with multiple I/O interfaces: Ethernet, USB, RS232, cash drawer, etc.
- Equipped with a high-performance quad-core processor, its high energy efficiency and low power consumption characteristics ensure stable, efficient and safe operation of the product.
- The Arm POS architecture is ultra-power-saving design, which only needs about 1/20 of the power consumption of the PC POS architecture.
- Support Android 8.1 operating system. Modular hardware design is convenient for product upgrade and maintenance.
- It can directly access remote databases through web services, establish chain networks and Support online updates.

Specifications

GENERAL

Processor Rk3568 Quad-core Cortex-A55 up to 2.0GHz

Memory 2GB

Storage 32GB

System Android 12.0

Display

Store display 10.1" TFT color display (1280x800)

Touch panel Capacitive

Customer display 32x144 LCD/65x132 LCD

Peripherals

Bluetooth V2.1+EDR/BT v3.0+HS/BT v4.2

WIFI IEEE 802.11b/g/n/d/e/h/l

4G (optional) GSM: EGSM900MHz/DCS1800MHz

WCDMA: BAND1/8

LTE-FDD: B1/B3/B5/B7/B8/20

LTE-TDD: B38/B40

RFID (optional) ISO/IEC 14443 Type A&B

MSR (optional) Support ISO7811, three tracks two-way

Scanner (optional) Supports one-dimensional and two-dimensional bar code scanning

I/O Port

USB port 3xUSB2.0,1xType-C

Serial port 2

Ethernet port 1xRJ45

Cash drawer 1

SD card 1xMicro SD Card

Printer

Printing type 2"Thermal printer with cutter/without cutter

Printing speed 120mm/s

Power supply 9V 2A

Battery 13.8V 2.5A

Dimensions 297(L)x270(W)x131.5(H)mm
