

ETX-6XAPOS

All-in-One Touch POS Cloud Touch POS

Android POS

★ Optional

Excellent functions

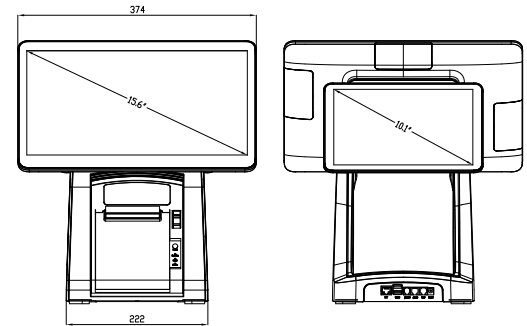

- Adopting a frameless capacitive touch screen, it is not easy to malfunction and aging.
- Compared with the resistance screen, it is twice as bright and the touch is sensitive.
- The life of this frameless capacitive touch screen is almost as long as the life of the machine.
- Touch does not wear off, no frequent recalibration required.
- Optional retail and other multi-format front-end software, establish a chain store network, and support online upgrades.
- Operator display could be adjusted 30° -75° by cashiers.
- Bundled software supports mainstream third-party payment platforms such as WeChat and Alipay.
